Internship Progress Report

Re: Progress report - Machine Learning, July 2026

To:

School, university, employer, or verification office

This progress report summarizes Najaf Shehzad's available assignment, attendance, resource, and activity evidence for the FlyRank AI Internship - Machine Learning, July 2026.

Progress reports are generated for a selected recurring or ad hoc period from the portal ledger and additional reviewer-confirmed activity.

If a university requires a specific hour target, FlyRank records that target through support before issuing the final report.

During this reporting period, the intern completed 37 practical assignments, representing 143.5 estimated hours, including Show It / Tell the Story, Plant Your Flag: Domain + Badge, Design Your Personal Agent, and Build the Agent, plus 33 additional items.

Accepted capstone work during the period represented 44 estimated hours and included Google Search Ranking & Discoverability Capstone and General AI Fluency · Impact Project.

The participation record also includes 36 attended events or recordings (51 estimated hours).

Verified Anthropic Academy completions for the period represented 14 estimated hours and included AI Fluency: Framework & Foundations, Claude 101, Claude Code 101, and Introduction to Model Context Protocol, plus 3 additional items.
