FlyRank AI

Issued September 13, 2026

Recommendation Letter

To whom it may concern,

I am pleased to recommend Najaf Shehzad, who completed the FlyRank AI Internship Program from July 1, 2026 to September 13, 2026 in the role of Machine Learning Engineering Intern.

During the program, Najaf completed 37 practical assignments applying curriculum in Data wrangling, Embeddings and clustering, Intent and opportunity modeling, and Insight to action.

The program record documents at least 240 hours across practical assignments, accepted capstone work, program meetings, and verified Anthropic Academy courses.

As the culminating project, Najaf completed "Google Search Ranking & Discoverability Capstone," which was reviewed and accepted by the lead track mentor.

Participation also included 36 attended program meetings and 7 verified Anthropic Academy courses.

Based on this verified completion record, I recommend Najaf for opportunities aligned with machine learning engineering and applied AI roles.

The approved internship specialization was Machine Learning; the independently qualified completed tracks were AI Fluency, Machine Learning.
